

Denkspel

IQ puzzler pro

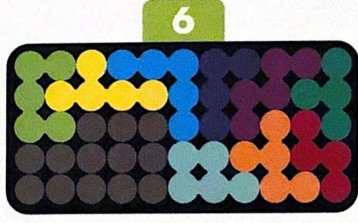

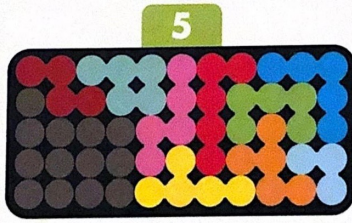

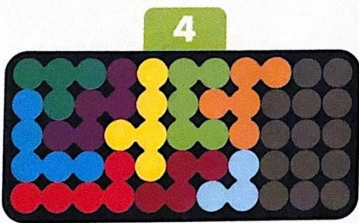

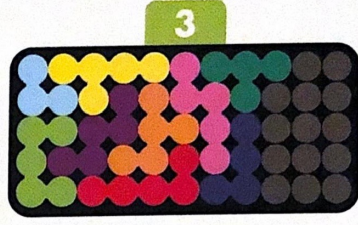

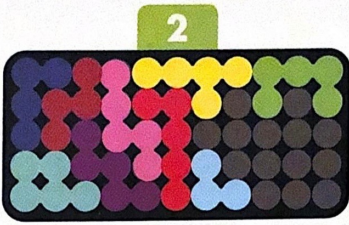

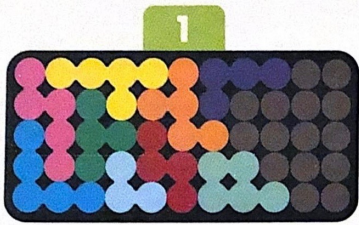

1. Je kiest één situatie per keer.
2. Je speelt dit denkspel alleen of met twee. Doe dit wel rustig! Je mag de anderen die nog bezig zijn niet storen. Je vraagt geen hulp aan de leerkracht.
3. Je werkt deze opdracht af vooraleer je een andere neemt.
4. Je verzorgt het materiaal dat je gebruikt! Wees er voorzichtig mee.
5. De oplossing staat op de achterkant van het papier.

6. Uitleg spel

Je kiest een bepaalde situatie uit. De bolletjes die op de situatie staan, leg je op het sjabloon. De andere lege plekken ga je invullen met de andere overgebleven bolletjes. Je gaat het sjabloon niet veranderen. Kijk goed of je de bolletjes op het zwarte of grijze sjabloon legt volgens de situatie.

7. Veel succes!
